

# Makeathon: AI for Global Impact

- Germany's leading AI student initiative
- Great contacts to industry and latest AI research
- Big players from industry as sponsors

## The Makeathon

**30 September – 2 October 2022**

Hybrid 48h challenge that connects young innovators with different backgrounds to develop AI solutions for real-life business cases.

### Why join?

- Get in touch with industry leading companies and professionals
- Use the Makeathon to kickstart your startup journey
- Meet and socialize with motivated and likeminded people
- Win awesome prizes!

### What to do?

This time we offer 4 main tracks:

1. AI & Globalisation
2. AI for the Environment
3. AI for Healthcare
4. AI for Social Support

You can work on a problem related to one of the tracks together with a motivated team

### When and where?

This year Makeathon will take place from 30 September until 2 October 2022. You can participate both online and on-site in Munich
